The Fixture Grimoire

An original test book for the importer

Chapter 1: Spells

Spells in this chapter are presented in alphabetical order. Each entry lists the spell's level and school, followed by how it is cast and what it does.

Spell Descriptions

Emberlight Lance

2nd-level evocation

Casting Time: 1 action
Range: 90 feet
Components: V, S, M (a scorched iron nail)
Duration: Instantaneous

A spear of banked firelight leaps from your hand toward a creature you can see within range. Make a ranged spell attack. On a hit, the target takes 3d8 fire damage and sheds dim light in a 10-foot radius until the start of your next turn, and attack rolls against it have advantage while it glows. Flammable objects the lance touches smolder but do not ignite.

At Higher Levels. When you cast this spell using a spell slot of 3rd level or higher, the damage increases by 1d8 for each slot level above 2nd.

Whisper of the Tidewell

Cantrip divination

Casting Time: 1 bonus action
Range: Self
Components: V
Duration: 1 round

You attune your hearing to the movement of nearby water. Until the end of your next turn, you know the direction and rough distance of every body of water within 300 feet of you that holds at least a gallon, including water held in containers and inside creatures that are not constructs or undead.

Lattice of Stilled Hours

4th-level abjuration (ritual)

Casting Time: 1 minute
Range: 30 feet
Components: V, S, M (an hourglass with no sand)
Duration: Concentration, up to 1 hour

Fine silver threads spread across a 20-foot cube you choose within range. Creatures inside the cube cannot be aged by magic, and any disease or poison already affecting a creature in the cube is suspended for the duration. A creature that leaves the cube resumes its afflictions where they left off. The threads can be seen but not touched, and they ignore wind and water.

At Higher Levels. When you cast this spell using a spell slot of 6th level or higher, the duration becomes 8 hours and you no longer need to concentrate.

Chapter 2: Equipment

Trail Gear

Item	Cost	Weight
Lantern pole	4 gp	3 lb.
Rope ladder (20 ft.)	2 gp	8 lb.
Sealing wax (stick)	5 sp	-
Tinder drum	1 gp	1 lb.

> **Variant: Worn Gear**
>
> Gear bought used costs half price. Each time a worn item is used in a stressful moment, roll a d6; on a 1 it breaks and must be repaired before it can be used again.

Magic Items

Cloak of the Quiet Road

Wondrous item, uncommon (requires attunement)

While wearing this grey travelling cloak, you leave no tracks on soft ground and your footsteps make no sound. You can use a bonus action to raise the hood; while it is up, creatures more than 30 feet away have disadvantage on Wisdom (Perception) checks made to see you.

Tidewell Flask

Wondrous item, rare

This blue glass flask holds a gallon of fresh water and refills itself each dawn. As an action, you can pour it out as a 15-foot line of rushing water. Each creature in the line must succeed on a DC 14 Strength saving throw or be knocked prone.
